Dear Mr Burgess

I refer to your letter dated 4 March 2026 and our phone conversation on 17 March 2026 concerning the current status of the Springdale Solar Farm (SSD-8703).

I can advise that the Department of Planning, Housing and Infrastructure (the Department) has received notification from Flow Power (dated 25 March 2026), as the applicant for Springdale Solar Farm, and can confirm that they:

- advised that they are not continuing with the development; and
- acknowledged that the Development Consent (SSD-8703) for Springdale Solar Farm has lapsed.

Should you wish to discuss the matter further, please contact me on 0407 719 259 or email [compliance@planning.nsw.gov.au](mailto:compliance@planning.nsw.gov.au)

Yours sincerely

Ben Harrison  
Director Compliance - Regions
